LIMITED LIFETIME WARRANTY

Bottoms UP® Boat Lift Systems tanks are warranted, to the original consumer of this product, to be free from defects in materials and workmanship for the duration of ownership by that individual. All other components, except electrical, are warranted for the first five years of ownership by that individual. All electrical components are warranted for the first year of ownership by that individual. This warranty does not include damage to the product resulting from accident, misuse, neglect, alteration, modification, tampering, or failure to follow instructions supplied with the product. It is the end users responsibility to provide accurate weight of boat, fuel, supplies and equipment to determine proper lift requirements. This warranty is void if the product is installed or relocated by someone other than our designated agent. If you deem the product or any part thereof to be defective within the warranty period, notify the manufacturer within ten (10) days of discovering the problem at the address above. If upon the manufacturer's inspection it is found to be defective, the manufacturer will, at their option, repair or replace it free of charge. This warranty is to repair or replace, at the manufacturer's option, and is the only warranty associated with this product whether expressed or implied and the manufacturer's liability is expressly limited to repair or replacement of defective components. This warranty is valid only in the United States and for products used in fresh water. You must retain the original invoice as proof that you are the original purchaser and include a copy with correspondence. This warranty gives you legal rights, and you may also have other rights which vary from state to state. The above express warranty is the only warranty applicable to the product and there is no implied warranty of merchantability or implied warranty of fitness for a particular purpose.
